

Advanced Plastics Ltd

Advanced **technical solutions** in plastics

Environmental Policy Statement

Advanced Plastics Limited manufactures and assembles injection moulded plastic components for industries which include automotive, leisure and heating.

The Directors of Advanced Plastics Limited, Bergen Way, Sutton Fields Industrial Estate, Hull recognise their responsibility to manage the environmental impacts of our activities, products and services. We have assessed our activities and identified or significant environmental aspects/impacts.

In order to promote good environmental practice, our Policy with regard to the environment is as follows:-

1. To identify the significant environmental impacts of our activities.
2. To develop suitable objectives, targets and management programmes, applying appropriate operational procedures to minimise or significant environmental impacts during normal, abnormal and emergency conditions.
3. To comply with relevant legislation, regulation and other requirements relating to our significant environmental impacts.
4. To prevent pollution, minimise our inputs of utilities and resources and the outputs of emissions to the atmosphere, effluents to water/sewers and wastes to disposal facilities; endeavouring to re-use, recover or recycle materials where practicable.
5. To ensure that environmental responsibilities are defined, communicated and understood at all levels within our organisation and provide appropriate training where needed.
6. To ensure that suppliers and contractors understand the Company Policy and assist them in developing appropriate systems and a responsible approach with regard to environmental issues.
7. To communicate, co-operate and respond to views of interested parties, including customers and the general public, on environmental issues, where this is practicable and likely to result in an overall improved environmental performance.
8. To strive for continual improvement in overall environmental performance.

Rob Anderson
Managing Director

1st October 2014
