

Health And Safety Policy Document

The company serves a diverse range of markets being engaged in the manufacture of technical plastic injection moulded products and associated assemblies. The manufacturing facility utilises conventional plastic injection moulding processes and a range of secondary assembly and finishing operations including manual and semi automated assembly, machining, printing and plastic welding. The company carries out on-site tooling and machine maintenance utilising an on site tool room. Warehousing and distribution are also provided from the same site.

Health And Safety General Policy

1. We believe that a major role of any organisation is the prevention of accidents and ill health. We do not wish any person, employee or otherwise, to suffer as a result of our activities. To this end we intend to comply with best practice in the fields of health and safety as well as all relevant legislation.
2. We intend to provide, as far as is reasonably practicable:
 - A safe system of work
 - Safe plant and equipment
 - Safe means of handling and transporting articles substances and people
 - Adequate instruction information supervision and training
 - A safe place of work with safe access and egress
 - A safe and healthy working environment
 - Adequate welfare facilities

General Statement Of Intent

1. It is **Advanced Plastics Ltd** policy to fulfill its obligations under the Health and Safety at Work Act 1974, provide and maintain, so far as is reasonably practicable, safe and healthy working conditions, premises, welfare facilities, equipment and systems of work for all our employees
2. We accept the responsibility for the above and will provide the information, instruction, training and supervision required to allow us to meet that aim.
3. We also accept our responsibility for the health and safety of other people who may be affected by our activities.
4. The allocation of duties for safety matters and the particular arrangements which we will take to implement the policy are set out below.
5. We will monitor the policy in the workplace to ensure compliance.
6. We will ensure that all employees are aware of and reminded of their health and safety responsibilities.
7. We will ensure all employees cooperate with managers and supervisors on health and safety issues.
8. We will ensure financial resources are provided for Health and safety issues.
9. We will review and update this policy as and when necessary, especially in respect of changes in legislation or changes within the company. Regardless the policy will be reviewed at least every 12 months.
